# **PROFILE**

I am a passionate Front - End Developer with 1.7 years of experience in building responsive websites and Mobile Apps. Currently, I am expanding my expertise in Back-End Development to improve problem-solving skills. I thrive on continuous learning and professional growth. My goal is to contribute effectively to an innovative team while enhancing my knowledge. I am eager to take on challenges that help me deliver high-quality, impactful solutions.

# **SKILLS**

HTML5

• CSS3

Javascript

React JS

React Native

• Redux

Bootstrap

• Node JS - Express

• Mango - DB

# **PROFESSSIONAL EXPERIENCE**

React Developer | UI Developer

Bugtreat Technologies *❷* 

November 2023 - May 2025

- Built and styled responsive web pages using HTML5 and CSS3.
- Utilized modern layout techniques including Flexbox and media queries to ensure mobile-first responsiveness.
- Developed and maintained cross-platform mobile applications using React Native.
- Integrated Redux for efficient state management, enabling smooth data flow and consistent UI behavior across views.
- Collaborated with back-end developers to ensure seamless data integration and API implementation.

#### **PROJECTS**

#### **WEBSITES:**

Built User interfaces for multi-concepts (CRM & CMS) based website across multiple countries, responsiveness, and culturally adaptive design.

# FITSUVAI CUSTOMER & DELIVERY DRIVER (APP):

Developed a dual-app system using React Native — a customer app for seamless food ordering with real-time tracking and a driver app for efficient food delivery with route optimization and task automation. Ensured smooth communication between customers and drivers, enhancing overall user satisfaction.

# **PERFECT PIZZA FLOURS (APP):**

Built a dynamic pizza recipe app with step-bystep wizard functionality for creating pizza dough, push notifications for timely progress updates, and a community-sharing feature to encourage user interaction. Implemented advanced features to guide users through the process and enhance community engagement.

## Cakinzo (e-commerce): *⊘*

I developed a responsive eCommerce website for a custom cake business using React.js, featuring an interactive 3D cake configurator built with Three.js. The platform allows users to personalize cakes in real time by selecting shapes, sizes, colors, layers, toppings, and custom text.

### **CERTIFICATIONS**

- Completed **Front-End Development training at AIS Education Center, Madurai** Gained hands-on experience in building responsive and user-friendly web interfaces using HTML, CSS, JavaScript, and modern frameworks.
- Certified as a **Quick Learner** by Bugtreat Technologies (2024) Recognized for my ability to quickly grasp new concepts, adapt to challenges, and consistently deliver quality results.
