SANTHOSH KUMAR M

Front-End Developer

To the Hiring Executive,

I am excited to apply for the Front-End Developer position at Your company. With over an one years of experience in web development and app development. I have honed my skills in HTML, CSS, and JavaScript, and I am particularly passionate about using modern frameworks like React Js and React Native to solve complex challenges and deliver seamless user experiences.

In my previous role at Bugtreat technologies, I was responsible for developing and maintaining dynamic, responsive websites and Mobile applications using HTML, CSS, JavaScript and React Native.

Key strengths I bring to this role include:

- Strong proficiency in HTML, CSS, JavaScript, and modern front-end frameworks like React Js and React Native
- Strong background in creating responsive and scalable websites that work across various platforms.
- API Integration and Back-End Collaboration
- Mobile-First, Responsive App Development

I am excited about the opportunity to join your team and work with you all. I would love the chance to bring my problem-solving skills, attention to detail, and passion for user-centric development to your company.

Thank you for your time and consideration. I look forward to the opportunity to discuss my qualifications further..

Sincerely,
